

# Student Performance Report

Name: Deepankar Sahoo

Class: CSE-Sem3

Generated: 11/8/2025, 11:30:20 AM

Total Quizzes: 3

Average Score: 20%

Best Score: 60%

Last Activity: No quiz activity yet

## Academic Performance

No academic summaries available yet.

## Skill Development

Algorithmic Thinking: Developing (Focus on daily practice)

Python Projects: Intermediate (Build practical mini-projects)

Version Control: Beginner (Increase Git usage)

## AI Feedback

Keep strengthening problem-solving habits with daily practice and reflective review of quiz mistakes.

## Next Goals

1. Solve three algorithmic problems each day to build confidence
2. Prototype a mini project that applies current coursework
3. Review core operating-system scheduling patterns
4. Commit code to Git frequently to grow collaboration habits
